One48 75 Percent Sold

Wednesday, November 2, 2011, by Sara Polsky

GRAMERCY—The new building at **148 East 24th Street** is part robot and all glassy—and it's been slow to get going since its initial kick-off in 2008. Good thing we love a comeback story! The building was more than half sold as of late September. Make that 75 percent sold. Can any of the buyers comment on the therapeutic value of that automated parking garage?
